Subject: ASSM Bill Has Been Passed

The Arizona Silent Service Memorial bill, authorizing the placement of a submariners' memorial in Wesley Bolin Plaza, has passed both Houses of the Arizona Legislation and will go to the Governor for signature. Even without her signature (which is all but certain – no state money or resources are involved) the bill would become law in five days.

According to Dan Moss, Co-Manager of the Project for Perch Base, "Now the real work begins!"
