Subject: Base Asset Review & Inventory Audit

Perch Base is required to periodically review and inventory the base assets (example: Sub Float and its associated equipment) by a USSVI National directive. The Base Commander is asking for two volunteers and a BOD member to volunteer to complete this review and inventory soon. This team will coordinate with the Base's COB to create a base asset list and possibly an estimated value of the items. All interested parties please contact the Base Commander, George Woods, at commander@perch-basae.org or 480-322-2127.

This is an official email communication from the USSVI Perch Base and does not require a response.
