Subject: Alert One...Alert One: Email Scam

CC Clarke, our events coordinator, and Dave Heighway our base commander, are sharing this warning. Read and heed: Some of you may have been notified of an email scam being perpetrated against USSVI members. I received the scam email this morning and quickly identified it as such, having had decades of IT security training in this sort of thing. It comes with an attachment containing an executable file that my email service identified as benign. Not!

If you need any additional detailed information, CC Clarke can provide the sender's (fake) email address via screenshots. (ccclarke1958@netzero.net)

Dave just received an email today from National that some of these emails are purporting to be from National. **They were not.**

This is an official email communication from the USSVI Perch Base and does not require a response.
